# COMPANY OVERVIEW

## 1975

## 1990

## 2003

Al Omran Group was born when Mr. Abd al-Ilah al-Omran started an F&B business in 1975 in Al Basra, Iraq. After that, the business expanded greatly in the 80'S of the last century, opening branches in Baghdad and the rest of the Iraqi provinces.

The early 90's were the turning point for us. We founded and owned shares in many Iraqi companies such as Al Waseela, Waseelat Al Omran, and Al Ihata. Al Omran was one of the biggest F&B companies in Iraq at that time. We continued to grow as we opened more branches, storehouses, and offices.

While Iraq was undergoing a fundamental political change in 2003, we decided to enter the construction industry and take part in rebuilding Iraq after a ravaging war. That is when we founded Durat Al Omran for General Contracting.

Since day 1, we have been keen to provide an extensive portfolio of top-notch solutions and services for the most prestigious projects in Iraq. We have also had a great experience in retail sales where we meet different tastes in various areas.

We were eager to conclude agreements with the most prominent international brands in various industries such as construction materials and F&B. We continue to maintain our lead in the specialized markets as we rely on a dynamic methodology built upon three pillars: human resources, innovation, and development.

# MISSION & VISION

## Vision

We are working to add our modern and advanced footprint in the community.

## Mission

Al-Omran Group seeks to build sustainable growth that leads to being a leading group of companies in the Iraqi market. We believe in contributing to the Iraqi society in general through the development of human cadres, the continuous development of our business, the provision of high-quality products, and the blending of local expertise with international experience.

# BRAND DIVISION

All our partners are prominent international companies from Europe and Asia that provide the best products with international specifications and conform to all international standards of quality and professional safety in addition to keeping pace with development.

## Asianpaints Berger

The berger company is one of the oldest companies in the world in the field of paints and it was established in 1760 AD in England. The company is spread worldwide and has a large presence in Asia, Africa, the Caribbean, the South Pacific, and the Middle East.

## San Marco

San Marco is the leading Italian manufacturer of paints and varnishes in the construction sector. The company was founded in 1937 in the city of beauty Venice on the initiative of Cav. Pietro Tamburini is now managed by the fourth generation of businessmen from the Mr. Germani family having developed into a record company also on the international stage.

## Jaquar

Jaquar is a diverse and diversified brand of "integrated bathrooms and lighting solutions". It is one of the fastest-growing bathroom brands in the world and is present in more than 45 countries across Europe, the Middle East, Asia Pacific, Africa, and the SAARC region. The main site of the company is located in India

# SERVICES

## TILES

The best tiles there are.

What sets tiles apart from other design materials is their versatility from decorating kitchen walls and bathroom floors to adding character to hallways and living rooms. Beyond their versatility, tiles hold practical benefits, too – making them the ideal solution for modern households such as resistance to wear, and water & stains. Decorate your home and enjoy elegant, long-lasting aesthetics that require minimal effort in the long run.
